NUMBER 5

NUMBER FIVE IS HONORED

President Richardson is Elected President of the Missouri State Teachers' Association.

President Ira Richardson was elected president of the Missouri State Teachers' Association at the meeting held in St. Louis, November 16-18, 1916. Mr. Richardson has been an active member for nineteen years, has missed only two meetings, served on committees and acted as vice-president of the association. His election is a mark of the recognition of his ability as an organizer and educator.

The duties of the President of the association are to preside at the Annual meeting and deliver an address during the meeting. His special duty is to prepare the program for the Annual meeting with the advice and assistance of the executive committee. The president appoints committees on Necrology and Resolutions. As president of the Association Mr. Richardson becomes a member of the State Reading Circle.

This year's meeting was well attended and was a big success. The attendance was over 8,000. A number of the instructors of this school attended the meeting and also served on committees. Prof. C. A. Hawkins served on the Executive Committee. Miss Beulah Brunner was one of the three persons acting on a committee on English in the Grades. E. L. Harrington gave an address on the subject: "The place of Science in the High School Curriculum." Prof. A. J. Cauffield presided over the session held by the department of Geography. Prof. Harry A. Miller was the chairman of the department of Reading and Public Speaking.

The next meeting will be held in Kansas City.

This honor accorded to President Richardson is but a recognition of the high place Normal Number Five holds in the educational field and but a hint of the place it is bound to hold with the excellent faculty and head we have.

Miss Fannie Patton, who has been completing her work for the Sixty-Hour Diploma this quarter has returned to Trenton to resume her teaching work there.

Philo Minstrels Entertain Students.

One of the most enjoyable programs of the quarter was given by the Philos in Assembly, Tuesday, November 14. A pleasant feature of the affair was that it was one in which each member could take part. After the usual announcement had been made, the curtains parted and out trooped the Philo Minstrels in their full glory. Costumes ranged all the way from that of the "dude coon" to the "fiel han," and from the turban of the negro mammy to the headdress of the African Bushman. After the sounds of vociferous welcome had died away, the following program was given, interspersed with local hits and true "end man" jokes.

"Just Kiss Yourself Goodbye"—Joe Lukens.

"Nellie Was a Lady"—Male Quartet.

"The Preacher and the Bear"—Wade Henderson.

"Carry Me Back to Old Virginny"—Ladies' Quartet.

"Pomona"—by the Company.
Reading—Cleo Lesan.

"A Kiss for Each Day in the Week"—by the entire company.

The last number was enlivened by the fact that each "singah" had provided himself with a plentiful supply of candy kisses, for which the conspicuous heads of part of the faculty offered an excellent mark. Just as the song ended, two pigeons, bearing the Philo colors, blue and gold, were loosed. This feature being a surprise to everyone, created much enthusiasm.

EXCELSIORS GIVE ASSEMBLY PROGRAM.

The Excelsior Literary society gave a splendid program in Assembly, Tuesday, November 21. This is the second time the society has appeared before the student body. The first number on the program was an appropriate one, the song "Excelsior," sung by the society. William DeVore gave one of James Whitcomb Riley's poems, "When the Frost is on the Pumpkin." Miss Eva Bohannon then gave a piano solo, which was greatly enjoyed. The next number was the reading of a Thanksgiving story by Miss Jassamine Wil-

Eurekan Members Give Mock Trial.

One of the most novel and interesting programs of this quarter was given at the assembly hour, Thursday, November 23. The Normal court was holding its regular fall session with Judge White on the bench. The case of Milton A. Boase was the first one on the court docket.

The prosecution accused Milton A. Boase of being the organizer and president of the Millenium Bachelor Club of the World. The purpose of this organization was to defraud old maid school teachers of husbands and keep young ladies from marrying, so that they might return to school in later years and so increase the attendance of the Normal.

Don Roberts, counsel for the defense, acknowledged the existence of such a club but declared that the accused was not guilty of the crime of attempting to defraud spinsters of husbands. He stated that the club was organized for the protection of certain young men who were disturbed in their studious habits by the attention of certain girls attending the Normal.

The proescution produced the constitution and by-laws of the club which conclusively showed the purposes of the organization. The prisoner was found guilty of the charge.

The following were the officials of the court: Judge, Ernest White; clerk, Clifford Hix; reporter, Miss Elizabeth Sobbing; sheriff, W. A. Baker; lawyers, Chas. McReynolds prosecution and Don Roberts, defense.

liams. "The Influence of the Pilgrim Fathers upon American History," was the topic discussed by Leslie Elam, president of the society. Miss Ruth Miller gave paraphrases as the closing number.

The Philos visited the Excelsiors November 23. At this meeting the following program was given:

History of the Pilgrims—Ethel Sloan.

Reading—Eva Bohannon.

Why Thanksgiving Became a National Holiday—Oma Trotter.

Piano Solo—Eva Bohannon.

SPRINGFIELD WINS GAME

Bear Cats Put Up Strong Fight Against Springfield Mountain- eers but Fail to Make Score.

Maryville lost to the Springfield State Normal team on her home field, November 17, by the score of 46-0. The first half of the game was intensely interesting to the spectator. Maryville won the toss and chose to defend the west goal. Springfield kicked off and Pickens got away for the most spectacular run of the game. He dodged man after man until only one man remained between him and the goal. But the last man tackled him so hard that in falling, Pickens' thumb was dislocated and bothered him in handling the ball the rest of the game. Maryville, with end runs, reached Springfield's 1-yard line but missed a try for a field goal. Springfield punted and again the ball was carried back into Springfield's territory. On her 5-yard line she held and Maryville was forced to try for goal. The light line of Maryville failed to hold and Girard hurried his kick which passed below the crossbar. Neither side scored during this quarter, but three minutes after the opening of the second quarter, Maryville's goal line line was crossed. Springfield repeated this again near the close of the quarter. Neither goal was kicked and the half ended with the score 12-0.

Maryville weakened during the second half. The superior weight of the team from the Ozarks had begun to tell and they gained first downs almost at will. By the end of the game the score had reached the total of 46 and Maryville had failed to score.

Scott, at half, was the chief ground gainer for Maryville. Hahn at tackle showed a great improvement and Springfield gave up trying to gain over left tackle. Andrews, at end was the other star for Maryville.

Lineup for Maryville: Brown, c.; Sawyers and Lawton, guards; Hahn and Byerrum, tackles; Andrews and Wagers, ends; Scott and Hubbard, halves; Girard, full and Pickens, quarter. Bird substituted for Pickens and Gannon for Byerrum.

Lineup for Springfield. M. Greer, center; Cartwright and Cheek,

WEDNESDAY, NOVEMBER 29

A CALL TO ARMS.

On or about the 15th day of November in the year of our Lord. Nineteen Hundred and Sixteen, the writer saw a notice written on the bulletin board of the Maryville Normal School which read something like this, "Green and White Courier now ready in the staff room. Something in it for every student." Upon looking for this "Something," the writer was drawn to an article, so to speak, which was headed "This is for Y-O-U."

In this article it went on to say that some people were complaining about how "dead" the school paper was, how uninteresting, and yet these very same people never even as much as gave one thought to make the paper any better. These people were called, by the writer of that article, "knockers." Now referring to our most famous lexicographer, Daniel Webster, we find that a knocker is "one who knocks." And by the same authority we see that "to knock" means to "drive against." Now let us stop just a second. Is there really anyone in the school, who, according to that definition, is a knocker? No, of course not. Now, please, Mr. Staff, or shall it be Miss Staff, do not be so hasty.

But on the other hand, fellow students, let me make an appeal to you. Do you realize that you are a part of one of the most progressive, up-to-the-minute schools, not in this State, but in the whole country? Now is it not up to the student body to help boost the good things along? But how? By simply helping to make our paper—certainly it is ours—as progressive as the school. Surely among a student body as large as ours there are a few who are willing and who have the ability to do their

part. There are so many little things that go on every day that would be of interest to everyone could they but know the happening. Our staff can not see all of these things, therefore it is "up to us," fellow students, to help them along. Can our football or basketball teams do their best without the co-operation of the student body? No, of course not. They why expect our staff of the Green and White Courier to win a first place among school papers without the same aid? It is absurd. Did we go back on our football team just because they had a little hard luck? Again, No. We are still for them with all our might. Then don't turn against our paper because it is not what we think it should be. Let us, fellow students, be the Green and White Team and the Staff, our coach. Come, make up; boost, don't knock; push, don't hinder; and in doing so we will, "clean up" on every school in the country.

MR. A. BOOST.

The staff is pleased to publish the comment on the editorial printed in the last issue. If all students would do as Mr. Boost has suggested the paper would be of more interest to them. Don't wait until someone asks you to write an article, do it before someone asks you.

ZOELLNER QUARTET PLEASES.

The second number of the Lyceum Course was given Friday night, November 24, by the Zoellner String Quartet. This quartet is composed of Mr. Zoellner, his two sons and his daughter. The music was much appreciated by all present. It is of especial interest to know that these people studied in Brussels when Mr. Fred Lewis Hakel of the Conservatory of Music studied there. The Zoellners say that although the American audiences seem to enjoy their concerts they are not quite so enthusiastic as the foreign audiences. However, they say that the Americans are more enthusiastic than they formerly were.

Students are already counting the hours until Thanksgiving.

EUREKAN NOTES.

The Eurekan program of Faust received much commendation. The story was given, interspersed with various selections. The Fantaise Elegante was given by Miss Nola Mitchell at the piano, Eugene Bird sang the farewell of Valentine. The Faust Waltz and Flower Song were given by Miss Merle Levy at the piano. Miss Katherine Carpenter with Miss Lillie Hall at the piano gave a violin rendition of "Once Again I Would Gaze." The Soldiers' Chorus was given with the aid of the Victrola and the record by the "Arthur Pryor Band." The "Serenade of Mephistopheles" with the diabolical laughter ranging over three octaves was greatly enjoyed. This was furnished by the victrola. Miss Mabel Curnutt gave a beautiful selection. The story preceeded with the love story of Faust and Marguerite, the frustrations of Mephistopheles and the final saving of Marguerite's soul.

This is the first attempt made in operatic field and the Eurekans are not afraid to launch their boat upon musical seas. There is much need of musical appreciation and with the co-operation of the Eurekan Concert Company, Dean Colbert feels that the wonderful musical numbers of the Lyceum course will be more thoroly grasped in the future.

The new Eurekan son also deserves mention. It is sung to the tune of that latest hit "And They Called It Dixie Land." These are the words to be administered as needed by all Eurekans at any time to the student body.

They built a great big house upon the hill

And they called it Number Five.
They built a great big room upon upon third floor

For a bunch that is alive.

And they're the finest bunch I know

You may search where'er you go.

Oh you cannot beat 'em,

Either singin' or speakin',

For they got a lot a pep, you know,

Then they took the best man in the school

And they made him president

Then they gave him helpers not a few

They're all on victory bent.

E U R E K A N, Eurekan,

O that's the word you hear from all the land

They made 'em twice as wise as other guys an

And they called them Eurekans.

Thursday, November 16, was the day for the election of officers for

the winter quarter. Eugene Bird was elected president. The other officers are: Ernest White, vice-president; Miss Brownie Heiple, secretary; Miss Deborah Boulton, treasurer; and Harry D. Gillis, sergeant-at-arms. Here's luck to the new officers. Each one is a live wire. May they enjoy their regime. We're all for them.

ASSEMBLY NOTES.

Prof. Henry A. Foster told the students of student life at Yale, Thursday morning, November 16. He showed us the Freshie's Bible. This is a book put out by the Sophomores and contains instructions for the Freshies—the road they should walk and what they should not do. They should not smoke a pipe, appear bareheaded on the campus, sit on the Sophomore fence, dance at the Junior Prom, sit down stairs at the Shubert Theatre, go to certain favorite restaurants, roller skate or spin tops on the campus—these are privileges reserved for Sophomores, Juniors and Seniors. Every one in the Academic department must go to chapel every morning at 8:10. The presidentor a member of the faculty conducts the prayer and Bible reading. The president leads the procession out followed by the choir, the Seniors, Juniors, Sophomores, and lastly the Freshmen. The president must pick up his feet in a lively manner to keep ahead of the Seniors. If there is too much "rough house" the Yale News, moralizes a little. If the Sunday sermon is too long the students begin a unified scraping of feet which always cuts short the sermon. There are no Co-eds at Yale. Once a year the students invite their friends to the Junior Prom and take them to chapel. The Freshies vacate their seats for the visitors but for compensation, form a long line and make guying remarks as the others enter with their lady friends.

ATHLETICS FOR WOMEN.

The girls who play basket ball met Miss Boggs, November 21, and discussed the work for the season. There is now a team from each the Excelsior and Eurekan Literary societies. Two teams will be organized from the group of girls not belonging to any society. The Philos will also organize a team. Already the Excelsiors have accepted the challenge from the Eurekan girls for a game to be played December 6. Monday night is the regular practice night but Miss Boggs has been kind enough to say that she will coach the girls any time that is convenient. The only way that we can make a strong team is to be present at every practice. The teams will not play boys' rules, but will be held closely to girls' rules in basket ball.

Misses Grace Pugh and Mildred Davis and Charlie Skidmore, Warren Wilson and John Ham spent October 28 and 29, at their homes in Guilford.

Referee: McBride of Kansas City.
Umpire: Dick Wray of Maryville.
Head Linesman: Prof. C. H. Belting of Maryville.

The Bear Cats will play the Kirksville team in Kirksville, Thanksgiving day, November 30. This promises to be one of the most interesting football games of the season. Springfield played Kirksville last Friday and held them to the score 6-6. Kirksville has not lost a game this season.

WOMEN CHEER TEAM.

The women of this school held a short meeting Tuesday morning, November 14. They decided to show their appreciation of the work of the football squad on the field by cheering them and showing that they were truly interested. Misses Mattie Clayton, Mary Andrews, and Elizabeth Sobbing were appointed to lead the cheering. The first evidence of their plan was given that same day as they left the auditorium. Fifteen rahs were given for the team. At different times during the week groups of women would gather in the corridors and sing school songs and give yells for the team. The most effective cheering was done Friday morning, November 17, during assembly period. Even the men joined in yelling. This shows that the women of the school are interested in the athletic work of the school.

Chillicothe High School Here Thanksgiving Day.

The Chillicothe High School Football team will play the Maryville Maryville High School team here Thanksgiving day. Fred Lewis, '16, and a Maryville man, coaches the Chillicothe boys. This promises to be an interesting game.

SECOND TEAM PLAYS GRACELAND.

The second team of the Normal played the Graceland College team of Lamoni, Ia., last Friday, November 24. The game ended in a tie, the score being 7-7. The field on which the game was played was on the side

of a hill and there was a strong wind blowing which made playing rather difficult. The game was closely contested and neither team had a decided advantage. Graceland scored her one touchdown in the first three minutes of play and kicked goal. Maryville was unable to score until the final period when Scott went across for a touchdown and Girard kicked goal. Hartmann played an aggressive game at tackle. Brown, Scott and Girard earned themselves a berth on the first team by their fierce fighting.

Lineup for Maryville: Brown, c; Hudgins and Lawton, g.; Hartman and Hahn, t.; DeMoss and Gannon, e.; Andrews, rh.; Scott, lh.; Girard, fb.; Bird, g. Substitutes: Palmer and Peters.

COUNTY CLUB NOTES.

Harrison County.

During the summer quarter, Harrison County held the record of having the largest number of students of any county in the district, with the exception of Nodaway.

The Teachers' Meeting showed that she was still faithful in sending her share of teachers to the Association. Harrison County has a large army of well prepared teachers, many of them trained at Maryville. The present Harrison County Club believing that co-operation means growth, is making plans for a permanent organization to bring all the county teachers in closer touch with the Normal.

Carroll County.

The Carroll County Club organized with the following officers: Miss Ruby Windsor, president; Miss Zelma Linville, secretary; George Hubbard, treasurer. As usual Carroll has a live and lively bunch. They will hold their next meeting early in the winter quarter.

Gentry County.

The Gentry Club is still in the ring. It feels the responsibility of having set a precedent for the other County Clubs. Plans are in the air for the work during the winter quarter.
